Events of the North are pleased to be working with Worcester City Council to bring you the Worcester City 10k and Run Bike Run for the first year. All races will start and finish at Worcester Racecourse. We're expecting 2500 competitors over the two events.

We have worked closely with Worcester City Council to define and approve a rolling road closure programme to minimise disruption to residents and businesses. Wherever possible we will endeavour to make sure that access is made available when it is safe to do so, access for the emergency services will be maintained at all times. We would appreciate your co-operation and understanding during the race.

We would like to apologise in advance for any inconvenience caused and hope you will take to the streets in support of the event showcasing the City of Worcester and cheer on the many runners and riders who have trained so hard for the day. Please see below route maps and full list of road closures overleaf.
